## **Emergency Backup Function for AFS® Essential systems**

Ensures uninterrupted supply of pure water

compatibility.....for use with AFS®  
shipped in .....ambient

### **Description**

#### **General description**

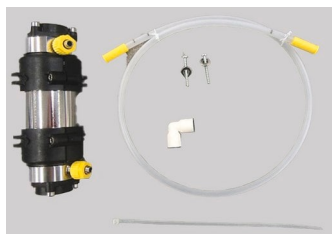

Emergency Backup Function for AFS® Essential systems is an easy and quick to install water purification accessory. Used as a backup for AFS® systems, it enables the uninterrupted supply of pure water when the unit is being serviced.

#### **Application**

For uninterrupted water supply

#### **Legal Information**

AFS is a registered trademark of Merck KGaA, Darmstadt, Germany

**ZRXSUPUV1**  
**UV Upgrade Kit**

For use with Elix® Advantage systems

|                     |                                                   |

**Description**

**General description**

For use with Elix® Advantage water purification systems.

**Legal Information**

ELIX is a registered trademark of Merck KGaA, Darmstadt, Germany  
Milli-Q is a registered trademark of Merck KGaA, Darmstadt, Germany

**Disclaimer**

For U.S. Customers: Contains mercury; Do not place in trash - dispose according to local, state, or federal laws.

**ZRXSUPEG1**  
**E-Gard® Upgrade Kit**

for use with Elix® Advantage

packaging .....pkg of 1 unit  
manufacturer/tradename .....E-Gard®  
compatibility.....for use with Elix® Advantage

Description

General description

Water purification upgrade accessory.

Legal Information

E-GARD is a registered trademark of Merck KGaA, Darmstadt, Germany  
ELIX is a registered trademark of Merck KGaA, Darmstadt, Germany

**SANKIT004**

## **Sanitization Kit**

For AFS® Water Purification Systems

feature .....Includes RO-Tank-Distribution loop; 4 Steps, < 10 minutes of operator time  
.....maximum duration of 4 h  
packaging .....pkg of 1 kit  
compatibility.....for use with AFS®  
shipped in .....ambient

## **Description**

### **Application**

Sanitization kit for use with AFS® water purification systems

### **Features and Benefits**

Genuine consumable for the sanitization of AFS® Water Purification Systems.

### **Legal Information**

AFS is a registered trademark of Merck KGaA, Darmstadt, Germany

**SANIKIT01**  
**Sanitization Kit**

| .....               | for use with Milli-Q® IQ 7010 |
| .....               | for use with Milli-Q® IQ 7015 |

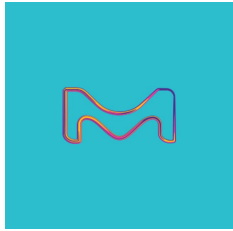

### Description

#### General description

StartPAK installation kit is used with Milli-Q® IQ 7003/05/10/15 water purification systems.

#### Legal Information

Milli-Q is a registered trademark of Merck KGaA, Darmstadt, Germany

**ZLXLSDL00PKIT**

## **Loop Panel Assembly Kit**

For use with Milli-Q® HX 7000 SD All-in-One water purification systems

packaging .....pkg of 1 unit  
compatibility.....for use with Milli-Q® HX

### **Description**

#### **General description**

For use with Milli-Q® HX 7000 SD All-in-One Water Purification Systems.

#### **Legal Information**

Milli-Q is a registered trademark of Merck KGaA, Darmstadt, Germany

**ZKITRES01SD**

## **Resistivity Kit & Boost for High-throughput Systems**

For use with Milli-Q® HX 7000 SD water systems

packaging .....pkg of 1 unit  
compatibility.....for use with Milli-Q® HX

### **Description**

#### **General description**

Installed within the purification system, the resistivity monitor verifies resistivity levels of water in the loop.  
The resistivity booster ensures the correct resistivity water flows in the loop and into the reservoir.

#### **Features and Benefits**

The resistivity booster may be easily installed on the front of the water purification system.  
The ergonomic and patented pack-locking mechanism allows for rapid replacement when needed.

#### **Legal Information**

Milli-Q is a registered trademark of Merck KGaA, Darmstadt, Germany

**LABCLOSE1**  
**Lab Close Kit**

For use with Elix® Advantage/Reference and Milli-Q® Direct/Integral Water Purification Systems

|                    |                                |
|--------------------|--------------------------------|
| packaging .....    | pkg of 1 unit                  |
| compatibility..... | for use with Elix® Advantage   |
| .....              | for use with Elix® Reference   |
| .....              | for use with Milli-Q® Direct   |
| .....              | for use with Milli-Q® Integral |

Description

General description

The Lab Close Kit will avoid the water purification system standstill during long inactive periods. The system when used in association with the "Lab Close" operating mode, allows you to maintain a minimum operating level. This kit intelligently optimizes the consumption of water and electricity by your system, preventing the negative effects of nonuse, such as bacteria buildup.

Application

Limits unnecessary water consumption, while avoiding stagnation in the water flow and storage tank.

Features and Benefits

Minimizes water and energy usage during vacation or long inactivity periods.  
Prevents contamination of water purification system and reservoir due to water stagnation.  
Your system is up and running immediately when you come back.

Legal Information

ELIX is a registered trademark of Merck KGaA, Darmstadt, Germany  
Milli-Q is a registered trademark of Merck KGaA, Darmstadt, Germany

**ZKITRES00SD**  
**Resistivity Kit for High-throughput Systems**

For use with Milli-Q® HX 7000 SD water systems

packaging .....pkg of 1 unit  
compatibility.....for use with Milli-Q® HX

Description

General description

Installed within the purification system, this resistivity monitor verifies the resistivity level of water in the loop.

Features and Benefits

The resistivity booster can be easily installed on the front of the water purification system.  
The ergonomic and patented pack-locking mechanism allows for rapid replacement when needed.
