ZE7Q7FTPDL
Foot Pedal

Hands-free dispensing accessory for Milli-Q® EQ 7000 water purification systems

feature	Remotely controls water delivery by a simple push of the foot.
packaging	pkg of 1 unit
manufacturer/tradename	Q-POD®
compatibility.....	for use with Milli-Q® EQ 7000

Description

General description

The foot pedal accessory connected to the Q-POD® dispenser allows to start and stop dispensing ultrapure (Type 1) water, by a simple push of the foot. When combined with Volumetric Dispense mode, one press on the pedal starts the production of ultrapure water at the point of dispense. Dispensing automatically stops at the set volume.

Application

This foot pedal is used for hands-free dispensing of ultrapure water at POD (point of dispense) of Milli-Q® EQ 7000 water systems.

Features and Benefits

- Ideal for scientists who need their free hands when accessing purified water.
- Volumetric dispense mode saves time when repeat dispensing the same volume.
- Supports lab sanitary protocols as users do not need to touch the system to access water.

Legal Information

Milli-Q is a registered trademark of Merck KGaA, Darmstadt, Germany
Q-POD is a registered trademark of Merck KGaA, Darmstadt, Germany

ZMQSFTS01
Foot Pedal

Hands-free dispensing accessory for Milli-Q® Advantage A10 / Integral, Q-POD® Element, and Elix® Advantage systems

feature	Remotely controls water delivery by a simple push of the foot.
packaging	pkg of 1 unit
manufacturer/tradename	Q-POD®
cable L.....	3 m
compatibility.....	for use with Elix® Advantage
.....	for use with Milli-Q® Advantage A10
.....	for use with Milli-Q® Integral
.....	for use with Q-POD® Element
shipped in	ambient

Description

General description

The foot pedal accessory remotely controls water delivery by a simple push of the foot, when connected to a Q-POD® ultrapure or E-POD® pure water dispenser. Once the required volume of water is reached, releasing the foot from the pedal instantly stops the flow.

When combined with Volumetric Dispense mode, one press on the pedal starts the production of purified water at the point of dispense. Dispensing automatically stops at the set volume.

Hands-free dispensing accessory for use with Milli-Q® Advantage A10, Milli-Q® Integral, Q-POD® Element, and Elix® Advantage systems.

Features and Benefits

Ideal for scientists who need their free hands when accessing purified water.

Volumetric dispense mode saves time when repeat dispensing the same volume.

Supports lab sanitary protocols as users do not need to touch the system to access water.

A 3 m cable provides flexibility to position the pedal according to your lab design constraints.

.....	for use with Milli-Q® IQ 7010
.....	for use with Milli-Q® IQ 7015

Description

General description

The foot pedal remotely controls the water dispensing with a simple push of the foot. Pressing on the pedal starts the production of purified water at the point of dispense. When the required volume is reached, releasing the foot will immediately stop the flow. For use with Q-POD® or E-POD® remote dispensers connected to Milli-Q® IQ/IX systems, Milli-Q® EQ 7008/16 systems, or the Milli-Q® IQ Element purification unit.

Features and Benefits

- Ideal for scientists who need free hands when accessing purified water.
- Supports lab sanitary protocols as users do not need to touch the system to access water.
- When combined with Volumetric Dispense mode, one press on the pedal starts the production of purified water at the point of dispense. Dispensing automatically stops at the set volume.
- Saves time when repeat dispensing the same volume.
- A 5 m cable provides large flexibility to position the pedal according to your lab design constraints.
